# Honorary Degree Recipient

## William Thomas, M.D.

State University of New York is awarding an honorary Doctor of Humane Letters to William Thomas, M.D., a 1982 SUNY Cortland alumnus and the founder of the innovative and nationally successful Eden Alternative concept of nursing home care at today's ceremony.

During the past decade, Thomas has significantly improved the quality of life for thousands of older Americans by rethinking and reshaping the philosophy and practices of nursing home management.

In 1997, he was one of six individuals nationwide to receive an America's Award, created by the late Norman Vincent Peale, to honor unsung Americans who personify the country's character and spirit.

Born in Waverly, N.Y., Thomas grew up in nearby rural Nichols, N.Y. where, by his own admission, he was an indifferent and bored high school student. Thomas was admitted to SUNY Cortland after his high school principal asked the College's admissions director to take a chance on the young man.

Thomas' talents blossomed at SUNY Cortland. The first person in his family to attend college, he made the most of the opportunities presented him on campus. He was a highly visible presence as president of the Cortland College Student Association, a frequent contributor to the student newspaper, a candidate for the Cortland mayoral seat and a summa cum laude graduate in biological sciences.

Accepted on a full scholarship to Harvard Medical School, Thomas was a founding editor of the Harvard medical student-run *Murmurs: A Journal of Opinion* and also wrote a review for the prestigious *New England Journal of Medicine*. In 1986, he was chosen by his peers to deliver the Harvard Medical School commencement address.

Thomas served a three-year residency at Strong Memorial Hospital in Rochester, N.Y., where he was selected, in his third year, by the Mead Johnson Foundation as one of the top family medicine residents in the nation. He began his career as an emergency room physician in an Ilion, N.Y., hospital. In 1991, Thomas became the resident physician at Chase Memorial Nursing Home in New Berlin, N.Y. The career move not only changed his life but would soon impact the pervasive philosophy guiding nursing home care in the United States.

"Congress passed a law in 1987 which said that you've got to do something to make life better in nursing homes," noted Thomas in a 1998 interview. "But it didn't say what. People were stumbling around trying to figure out what to do."

In 1992, Thomas successfully wrote a two-year, \$250,000 grant proposal to the New York State Department of Health which allowed him to take "a nursing home environment and fill it with life." Thomas called his plan, The Eden Alternative.

"It's based on the idea that human beings were designed to live in a garden-like environment and that it's unhealthy to put them in concrete boxes," explained Thomas, who established Chase Memorial, with its 80 residents, as the Eden Alternative prototype.

The Eden Alternative, explained Thomas, strives to make life within the nursing home similar to life in the outside world. "The Eden Alternative creates a diverse, sociable, dynamic human habitat where residents can feel they're useful members of society," he said.

When his Health Department grant expired in 1994, Thomas left Chase Memorial to promote his new approach to a nation receptive to his ideas. He established Eden Alternative nursing homes in the New York communities of Waverly, Vestal and Endicott. He detailed his nursing home paradigm in *The Eden Alternative: Nature, Hope and Nursing Homes* (University of Missouri Press) in 1994 and expounded on those ideas in *Life Worth Living* (VanderWyk & Burnham) in 1996.

Thomas and his wife and Eden Alternative business partner, Judy Meyers-Thomas, travel the United States conducting three-day workshops on "Edenizing" a facility for groups of no more than 30 individuals. Currently, more than 400 Eden Associates represent over 300 facilities nationwide.

Thomas, who in 1996 became the resident physician at St. Luke's Home in Utica, N.Y., has appeared in the national media describing the Eden Alternative. He and his wife, and their five children, Zachary, Virgil, Haleigh, Hannah and Caleb reside in Sherburne, N.Y.

# Candidates for Bachelor's Degrees

Candidates for bachelor's degrees listed on the following pages completed their degree requirements in December 1999 or May 2000 or are expected to complete their requirements in August or December 2000.

Since the names of the graduates and honors recipients presented in this program must be compiled in advance of Commencement, the information is not official and is subject to revision as may be mandated by satisfaction of degree requirements and of academic grades.

## GRADUATION WITH HONORS

Honors awarded to candidates for the bachelor's degrees as listed in this program are based on quality point averages recorded as of Feb. 1, 2000. Honors are awarded when quality point averages meet the following standards:

*	Cum Laude	3.2 to 3.499
**	Magna Cum Laude	3.5 to 3.749
***	Summa Cum Laude	3.75 and above on a scale of 4

## DUAL MAJORS

A plus sign (+) after a name indicates that the student is graduating with a dual major.

## *Academic Heraldry*

As an occasion meant to be both joyful and solemn, Commencement lends itself to the pageantry of an academic procession rooted in medieval times. The gowns and hoods worn by faculty members, candidates for graduation and platform dignitaries, distinguish the institution from which the wearer was or will be graduated, the level of the degree earned and the field of learning.

In 1985, American colleges established a standard code of academic dress, specifying three types of gowns. The gown for the bachelor's degree has pointed sleeves, the gown for the master's degree has an oblong sleeve with the front part cut in an arc and the gown for the doctor's degree has bell-shaped sleeves. The doctor's gown is also trimmed in velvet. The hood's inner lining, which folds out at the back and center, indicates the colors of the institution granting the degree, while the border, which comes around to the front of the neck, represents the field of learning.

The black mortarboard cap is standard. Its only distinguishing feature is a gold tassel worn by holders of the doctor's degree.

## *The Mace*

The mace is a ceremonial staff used as a symbol of authority. The mace bearer precedes the platform party and places the mace on a special stand where it remains while the official proceedings of Commencement are under way. SUNY Cortland's mace, the "Torch of Learning," is made of silver and rosewood and was created by local silversmith John Marshall.

## *The Gonfalons*

The three bright banners carried in the academic procession are called gonfalons. The gonfalon in red, white, black and grey represents the College. The gonfalon in shades of peach and green represents the School of Professional Studies. The gonfalon in blue, grey and burgundy represents the School of Arts and Sciences. The gonfalons were designed by Libby Kowalski, professor of art and art history, and Kathy Maher, a 1984 SUNY Cortland graduate. The standards were made by Bard Prentiss, associate professor of art and art history emeritus, and J. Eric Kroot. Materials were provided by the Gilbert and Mary Cahill Foundation and Distinguished Teaching Professor of Sociology/Anthropology Emerita Rozanne M. Brooks.

## *Alma Mater*

*By lofty elm trees shaded round,  
Tioughnioga near,  
Our grand old Cortland College stands,  
To all of us how dear!  
We'll sing to thee, dear Alma Mater,  
Of love that shall never die,  
We'll strive for thy glory eternal,  
Keep thy stainless honor high.  
Inspiring each son and each daughter  
The noblest aims to try,  
All thy fame and thy spirit,  
Thy might are ours  
As the swift years hurry by.*
